Thanks, Tyra.

Jan, please download this document as we will need to research the cases to be properly included in a list to Ms. Spearman. Also, please open a new folder entitled, Annual Equitable Sharing (Police) Report Doc, if one is not already contained on the proper drive. Please then ascertain in LCAMS or Legal Files all cases which meet the description required in the referenced report form above. We can get together with Zayid to ensure that we are providing a complete report. I am not sure if the information I provided last year was saved in the "N" drive, but I did find it in an old email stream.

Thanks, BGD

Ms. Spearman and Lt. Shearin:

I am sorry for the late response to your request but I have been in the process of preparing for a trial that was set to start on Monday, August 16, 2010 and a brief which was due on yesterday. I have researched the information I provided to you last year. In reading the query below, I want to be sure that the information culled is based on the appropriate statutes referenced. Please scan and forward to me the document containing the requested info below so that I know what statutes are referenced in #2 below. Thank you.

Good Morning Ms Davis!!

This time last year you assisted me in getting information for the Federal Annual Certification Report that OCU has to submit to the Department of Justice. The report is due August 31, 2010. In order to complete the report, I will need information regarding lawsuits against the City from your office. The information below is generally the same as what you have provided us in the past.

During the past fiscal year: (1) has any court or administrative agency issued any finding, judgment, or determination that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above; or (2) has the Agency entered into any settlement agreement with respect to any complaint filed with a court or administrative agency alleging that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above?

I have also attached the information you sent me for the last years report. Please feel free to contact me if you need any additional information.

Thanks!!

Good morning.

Noon, huh? What would they have done if I was not in the office today?

Anyway, none of those on the list are 1983 cases. The list is pretty out-dated. I have put sticky notes on it, or, I think that I have.

Mike
